Messrs. G. A. LEAVITT & CO.,

At Clinton Hall, 8th St., near Broadway,

On Friday Evening, April 8th, 1881,

COMMENCING AT 7 P. M.

CATALOGUED BY SCOTT & CO.

BIDS EXECUTED BY THE AUCTIONEERS AND ALL COIN DEALERS.

PREFACE.

The Coins and Medals are selections from the stock of a bankrupt dealer. Among them will be found many very interesting pieces as well as those of great rarity; of the word "rare," we have made little use in this catalogue, preferring to let collectors judge of the scarcity, by the prices they may be willing to pay for what they want; as the mention of the rarity of anything does not insure its sale for its full value, to the contrary very often.

The Stamps are the choicest and scarcest specimens from the stock, after having disposed of his undesirable or common stamps. Collectors and dealers will find at this sale an opportunity, which seldom occurs, to fill out their sets and supply their stock of obsolete issues, at low prices, which is one great feature of this assortment.

Collectors living at too great a distance from New York to attend in person, may have their orders executed by the auctioneers, Messrs. Scott & Co., or other dealers, for a commission of 10 per cent. on amounts under $100—over $100 5 per cent.—a uniform charge of 50 cents made on any amount under $5.

In reference to the method of selling at auction, we would say that each lot is sold to the highest bidder, at so much for each piece in the lot (except in cases of proof sets), so if you desire a lot which contains 10 pieces and you wish to pay $1.00 for it, you should bid 10 cents each. Always state your highest price, relying on the honor of those you employ to make the purchases for you at the lowest possible figure.

The stamps and coins will be on exhibition at the Auction Rooms, on the day of sale, from 10 A. M. to 5 P. M.

SCOTT & COMPANY.

New York, March, 1881.

NOTE—Every lot catalogued is warranted genuine, unless otherwise mentioned.

THE COIN COLLECTOR'S JOURNAL.

SPLENDIDLY ILLUSTRATED.

A 16-PAGE MONTHLY. $1.00 PER YEAR. POST FREE.

In forwarding to our subscribers THE COIN COLLECTOR'S JOURNAL for January, 1878, at the commencement of the third volume, we would take the opportunity of thanking our patrons for past favors, and urge them to continued exertions to increase the circulation of the Journal. As it is the largest numismatic monthly published in the United States, and as it has now attained a more extensive circulation than any other paper devoted to the interests of coin collectors, we think it is for the interest and advantage of subscribers to do something to increase its influence.

We would remind our friends that by increasing the circulation of the Journal, the number of collectors will doubtless be much increased, and, as the number of coins is limited, the additional demand will greatly enhance the value of all collections.

The publishers have never expected to realize any profit from the subscription list; all that they hope for is to make the C. C. J. a self-sustaining means of communication for coin collectors, and therefore feel justified in looking to those benefited by it to do something to add to its usefulness in the future.

We give annexed a few reasons why every coin collector should become a subscriber:
